Edward A. Hedman, Registration No. 22,120

BEST AVAILABLE COPY

US 5,172,936
Sullivan et al

(AC)

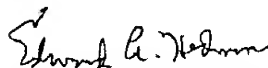

Labels having a permanent portion and a removable portion, a printed face, and an adhesive-coated back, the permanent areas having adhesion stronger than the adhesion of the removable areas.

US 5,585,193
Joseph et al

(AD)

Labels are prepared from a multi-layer composite cast extruded and oriented in the machine direction. The composite also comprises an adhesive for adhering the label to a substrate.

Respectfully submitted,

Edward A. Hedman
